**CLINICAL PRACTICE**

- 194** Hemolytic Anemia Accelerated by *Babesia* spp. Infection in Splenectomized Patient  
*Bryan Danilchuk, Susan J. Leclair*
- 199** Venous Thrombosis with Both Heterozygous Factor V Leiden (R507Q) and Factor II G20210A Mutations  
*Feriyil Bhajjee, Brenda Jordan, Dominique J. Pepper, Rodney Leacock, William A. Rock Jr.*
- 

**RESEARCH AND REPORTS**

- 206** Microbial Uropathogens and Their Antibiotic Resistance Profile from Hospitalized Patients in Central Alabama  
*Li Qian, Tracy Camara, J. Kyle Taylor, Kathy W. Jones*
- 212** A Method of HbF Determination for Potential Use in Underdeveloped Countries  
*Sarah N. Schumacher, Tim R. Randolph*
- 219** Effectiveness of Five-day-old 10% Bleach in a Student Microbiology Laboratory Setting  
*Nancy Goodyear*
- 224** Using Online Instruction and Virtual Laboratories to Teach Hemostasis in a Medical Laboratory Science Program  
*Janice M. Conway-Klaassen, Stephen M. Wiesner, Christopher Desens, Phyllis Trcka, Cheryl Swinehart*
- 

**FOCUS: UPDATING ANTIMICROBIAL SUSCEPTIBILITY TESTING**

- 230** Updating Antimicrobial Susceptibility Testing: Introduction  
*Cynthia B. Schofield*
- 233** Updating Antimicrobial Susceptibility Testing: Methods  
*Cynthia B. Schofield*
- 240** Updating Antimicrobial Susceptibility Testing: Challenging Cases  
*Cynthia B. Schofield*
- 244** Updating Antimicrobial Susceptibility Testing: Present and Future Relevance  
*Cynthia B. Schofield*
-
